FEATURED PROGRAMS

Lyra's mission is to transform behavioral health by getting more patients the care they need, when they need it—without the hassle and limitations of tradition plans. Using intelligent matching technology, Lyra connects employees to high quality, effective mental health providers and treatments that work, and gives them the flexibility of in-person care, live video therapy, and digital self-care tools.

Rethink is a web-based program that provides families with best practice treatment solutions for children with special needs. The program includes 24/7 access to a Board Certified Behavior Analyst coach as well as a robust program that includes easy-to-follow videos, printable materials, and peer support to help caregivers work with a loved one with special needs. Parents can follow over 1,500 teaching videos depicting therapists working with children with all types of developmental disabilities or learning delays, and also use Rethink to coordinate care with medical professionals, teachers, and others.

Sleepio is a digital sleep improvement program that is clinically proven to improve depression and anxiety in a highly engaging way using the stigma-free topic of sleep. The solution consists of a Sleep Awareness Campaign, Lite Sleep Help, and clinically-proven Cognitive Behavioral Therapy (CBT) program. Sleepio has been the subject of 24 peer-reviewed papers published in the scientific literature, including 6 randomized controlled trials. Sleepio is currently rolled out to entire populations of over 30 large employers and available to 1.5 million employees across 60+ countries.
