FEATURED PROGRAMS

Doctor On Demand® connects you face-to-face with board-certified physicians, psychiatrists, and doctorate-level psychologists. Available on demand or by appointment, you can see a doctor through video from your smartphone, tablet, or computer—24 hours a day, 365 days a year. Doctor On Demand can treat 90% of the issues most commonly seen in the ER and urgent care, as well as support preventative and chronic care through labs, screenings, and follow-up treatment.

2nd.MD is an expert opinion service connecting members directly (via video/ phone) to nationally recognized, board-certified medical specialists in 120 specialties and subspecialties. Members are guided by a personal Care Team nurse throughout their experience, connected to a specialist within three days, and receive written notes following the consultation. 2nd.MD also offers referrals to help members find local providers for treatment.

Lyra's mission is to transform behavioral health by getting more patients the care they need, when they need it—without the hassle and limitations of tradition plans. Using intelligent matching technology, Lyra connects employees to high quality, effective mental health providers and treatments that work, and gives them the flexibility of in-person care, live video therapy, and digital self-care tools.

Ovia Health's next generation maternity and family benefits solution uses mobile technology and predictive coaching to engage women daily throughout the fertility, pregnancy, and parenthood journey; delivers evidence-based clinical programs in real-time; encourages benefits utilization; and helps parents return to work. Ovia Health has supported over 9 million women and families on their journey to parenthood.
