

PARTNER SOLUTIONS

# Connected Care

## Understand the Challenge

Employees often struggle to manage the health and wellbeing of themselves and their families, but there are ways to make it easier. Collective Health designed its Connected Care Partner Solution to help employers more effectively solve this important challenge.

### COST

---

30% of medical costs are unnecessary or duplicative

**\$100**

the average amount a telehealth visit can save per visit, compared to traditional office visits

### PREVALENCE

---

1 in 5 employees care for sick or aging loved ones

### PRODUCTIVITY

---

**67%** of caregivers miss work or take unpaid leave

## Understand the Opportunity

Improving your employees' access to care and support doesn't have to be a huge undertaking. We're here to help make it easier.

# Connected Care Partner Solution

The right programs, optimized by Collective Health.

## FEATURED PROGRAMS

---

Doctor On Demand® connects you face-to-face with board-certified physicians, psychiatrists, and doctorate-level psychologists. Available on demand or by appointment, you can see a doctor through video from your smartphone, tablet, or computer—24 hours a day, 365 days a year. Doctor On Demand can treat 90% of the issues most commonly seen in the ER and urgent care, as well as support preventative and chronic care through labs, screenings, and follow-up treatment.

2nd.MD is an expert opinion service connecting members directly (via video/ phone) to nationally recognized, board-certified medical specialists in 120 specialties and subspecialties. Members are guided by a personal Care Team nurse throughout their experience, connected to a specialist within three days, and receive written notes following the consultation. 2nd.MD also offers referrals to help members find local providers for treatment.

Wellthy is a care concierge whose mission is to provide relief to individuals and families taking care of aging, chronically ill, or disabled loved ones. Families are assigned a dedicated Care Coordinator (think personal healthcare assistant) who works with the family to create a care plan and gets tasks done, all through a modern online experience. Tasks include: scheduling appointments, refilling prescriptions, handling prior authorizations, sourcing and vetting the right in-home aide, handling a move into a care facility, contesting insurance bills, and much more.

## ADDITIONAL PROGRAM OPTIONS

---

Affordable genetic testing

Concierge medical practice

# Powered by Collective Health

The right foundation for your healthcare strategy.

## SELECT

Leverage our analytics and expertise to find the right programs for your needs.

## RUN

Streamline implementation and day-to-day program management.

## ENGAGE

Proactively match the right members to the right programs.

## MEASURE

Understand what's working, what's not, and what to do about it.
