

Solving the Health and Wellness Needs of **LGBTQ+** Employees and Families.

FOLX solves provider access challenges by delivering end-to-end virtual primary care, hormone replacement therapy (HRT), sexual and reproductive health, parental consults, care navigation, peer groups, content and community through a diverse network of LGBTQ+ specialized providers.

We ensure that you can find providers you can trust who understand your and your family's specific healthcare needs.

FOLX is the leading benefits provider for the LGBTQ+ community.

VIRTUAL CARE
