

One card, many accounts — greater benefits.

Pre-Tax Spending Accounts, Lifestyle Spending Accounts, Mental Health, and more, all with just a tap.

Level streamlines your benefits onto a single card for an experience that makes paying for and monitoring spend effortless. For employers this means a more cost effective approach to vendor management and simpler administration. And for employees, it means next-gen, intuitive technology that removes the barriers to care.

This holistic approach not only maximizes engagement for employees, it maximizes ROI for employers.

A complete platform built to fulfill every need

Effortless Payments

Our multi-purse ranking automatically deducts each transaction from the most advantageous account and allows members to make their own selection.

Holistic Overview

One app tracks transactions and contributions for every account, while guiding employees through decisions needed to make the most of their benefits.

Continuous Support

Experience step-by-step guidance—from enrollment choices, to plan documents, to in-app education—with support that meets members in the moment.
