

# Let’s spark something incredible for your clients

Companies of all sizes and across all industries are dealing with burnout, retention and recruitment issues, and managing a changing culture. Employees are leaving their companies for new ones. Ones that have given them the benefits they need, the recognition they deserve, and incentives that really motivate them to bring their best selves to work. Somewhere they can live happier, healthier lives. Navigate can help.

### Holistic wellbeing and personalized engagement

A holistic and personalized platform that brings together resources from across Navigate's 8 Pillars of Wellbeing and can be customized to incorporate the benefits your company already offers—providing a holistic and tailored experience.

- **Holistic.** The whole person comes to work – that's why we incorporate 8 Pillars of Wellbeing across your platform.
- **Personalized Engagement.** The more personalized the program, communications, and recommendations, the more likely your team will be to get involved – our Navigate Total Health™ platform customizes each individual's health and wellness journey. You're able to promote the benefits your organization already has, creating personal pathways for participants. They'll get access to the personalized tools, resources, and tailored content to each individual's unique wellbeing journey.
- **Resource Hub.** Integrate other resources from across your benefits offering into one place – bringing it all together.
- **Health Equity.** Through our partnership with FindHelp.org we're able to help organizations more effectively address social determinants of health.
- **NavigateYOU.** This Navigate program will give your employees access to personal and team assessments that can help them learn more about themselves, their communication styles, strengths, opportunities, and how they can best work with and engage with others across your organization.

### Strategic & trusted partner

While some vendors provide you with a software tool, Navigate delivers a comprehensive program that aligns with your strategy and goals. You'll be equipped with a flexible platform that meets your needs and dedicated customer service team that is a strategic partner instead of just another vendor.

- **Tenured account management team.** Get the experience and expertise you need and want to build out a strategy that works.
- **Client retention.** Navigate has a 93% retention rate of clients year-over-year. We have average month over month NPS of 72.
- **Growth mindset.** We're always asking how we can be better so we can constantly evolve, including weekly tech releases. We push updates to our platform on a weekly basis.
- **We'll partner with you to build a solution that aligns and promotes your strategy.** Get the tools and resources that will drive the most value for your population. Bring your brand to life through your wellbeing platform.
- **Doing good things.** It's why we were founded – to help you do more good for more people.
- **Likeability.** People just like working with us.

### Insights driven

We get you the real-time data you need to build a meaningful, engaging program for your teams that will deliver value for them and your organization.

- **Real-time dashboard.** Get access to real-time insights with your own comprehensive data dashboard.
- **Population sentiment.** Take a pulse check on population sentiment.
- **Prevention factors.** Identify key factors for prevention.
- **Biometrics + Claims.** Integrate biometric screening and claims data to see trends.
- **Incentive tracking.** Track incentive usage to ensure you're offering meaningful rewards.
